Vincent Bertin

Helping to combine digital innovation and human collaboration over 25 years with passion. Looking for assignments: 40% to 80% annually.

Positioning

- / **Goal** for your organisation: to **deploy** a new solution both in IT and organisational terms as a digital transformation.
- / **Roles** as a **consultant**: programme manager, management analyst, trainer, mentor, workshop facilitator, and speaker.
- / **Tailored services**: a comprehensive approach with attention to details. Analyse an organisation and assess a solution against the strategy. Manage projects and products that carry this strategy. Support users in adopting new solutions.
- / **Added value**: dual expertise combining strategy and execution.

Key figures

- / Transformation initiatives: 15 including 12 years of **ERP** (SAP and MS D365) and 2 **programmes** combining **organisational changes**, data migrations and the publication of a **service catalogue** on an **IT platform**.
- / 25 years in designing, developing, and promoting solutions: software and mobile **applications**, with adjusted business **processes**.
- / Directly impacted **users**: 300 employees for an NGO and several tens of thousands of end-users in e-Commerce.
- / **Training** and mentoring: **2,500+ people** in Switzerland and 17 countries.
- / Managed **budgets**: between **CHF 100,000** and **1 million**.
